ABOUT US

Vindilac Waste Management is a prominent player in the waste management industry providing comprehensive waste solutions, including collection, disposal, recycling, and composting services to residential, commercial, and industrial clients. Vindilac Waste Management was formed to provide a solution for the municipal waste problem in South Africa and capitalize on the lucrative benefits of possessing fully permitted landfills.

VINDILAC WASTE MANAGEMENT

WASTE-TO-ENERGY

Our waste-to-energy services convert waste into usable energy, contributing to sustainable energy solutions and reducing landfill waste.

WASTE REDUCTION

We manage general and hazardous waste in the most efficient way possible. We outsource the removal of all hazardous waste to licensed service providers. We ensure full compliance with an auditable document trail.

WHY CHOOSE US

We offer comprehensive recycling services, collecting and processing of a variety of recyclable materials such as paper, glass, metal, and plastic. Our facilities adhere to the highest standards of recycling, ensuring that materials are processed responsibly. Prices vary based on the type and volume of recyclable materials. Get in touch with us on: (+27) 072-581-6236.
